

## The Emmaus House "Homes of Hope" Project

733 S. 14th St,  
Saginaw, MI 48601

Emmaus House is a home for women coming from jail, prison, or rehab. Our purpose is to provide the women with a family-like, Christian atmosphere while they are creating new lives for themselves. We see a woman's stay at Emmaus as temporary, lasting until they are able to be on their own.

At Emmaus we believe that each person has the potential to become what God wants them to be, regardless of what they have done.

The Emmaus House "Homes of Hope" project will remodel our 12 homes and improve the quality of life for our 40 guests. We hope to complete our project over the next two years. We ask for your prayers and support.
